REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
Lake Ashton Community Development District
Polk County, Florida

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities, business-type activities and each major fund of Lake Ashton Community Development District (the "District"), as of and for the year ended September 30, 2022, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities and each major fund of Lake Ashton Community Development District as of September 30, 2022, and the respective changes in financial position and cash flows for the Enterprise Fund and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of Supervisors
Lake Ashton Community Development District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including currently known information that may raise substantial doubt thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

To the Board of Supervisors
Lake Ashton Community Development District

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated September 12, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lake Ashton Community Development District's internal control over financial reporting and compliance.

**Lake Ashton Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2022**

Management's discussion and analysis of Lake Ashton Community Development District (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments. Business-type activities are primarily supported by charges to the users of those activities, such as restaurant charges.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Assets, liabilities, and net position are reported for all Governmental activities separate from the assets, liabilities and net position of business-type activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment, culture recreation and debt service. Business-type activities financed by user charges include restaurant services.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources. The enterprise fund financial statements provide information on all assets and liabilities of the fund, changes in economic resources (revenues and expenses), and total economic resources.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2022**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The *government-wide financial statements* and the *fund financial statements* provide different pictures of the District. The *government-wide financial statements* provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets, are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds are included. In the **statement of activities**, transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds, are not included in the fund financial statements. To provide a link from the *fund financial statements* to the *government-wide financial statements*, reconciliation is provided from the *fund financial statements* to the *government-wide financial statements*.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *notes to financial statements*.

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2022.

- ◆ The District's total assets exceeded total liabilities by \$8,789,675 (net position). Net investment in capital assets for Governmental Activities was \$8,290,964 and for Business-type Activities was \$21,864. Restricted net position for Governmental Activities was \$121,625. Unrestricted net position for Governmental Activities was \$355,222.
- ◆ Governmental activities revenues totaled \$2,632,060 while governmental activities expenses and transfers totaled \$3,132,489. Business-type activities revenues and transfers totaled \$730,916 and business-type expenses totaled \$760,537.

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		345,000

NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of Lake Ashton Community Development District (the "District") have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on August 15, 2000, as Lake Myrtle Community Development District pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), by Ordinance No. 2000-11 of the City Commissioners of Lake Wales, as a Community Development District. The name was changed to Lake Ashton Community Development District on February 12, 2001. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Lake Ashton Community Development District. The District is governed by a five member Board of Supervisors. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the Lake Ashton Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth in Governmental Accounting Standards the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

Lake Ashton Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are primarily supported by special assessments and charges for services. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

b. Fund Financial Statements (Continued)

Governmental Funds

The District reports fund balance according to Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period or soon thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources”.

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

Enterprise Funds

In the fund financial statements, the enterprise fund is presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. In the fund financial statements, enterprise funds are presented using the economic resources measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Enterprise fund operating statements present increases (revenues) and decreases (expenses) in total net position. The District applies all GASB pronouncements as well as all FASB Statements and Interpretations, APB Opinions and Accounting Research Bulletins, issued on or before November 30, 1989, which do not conflict with, or contradict, GASB pronouncements.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Debt Service Fund – The Debt Service Fund accounts for debt service requirements to retire the Capital Improvement Revenue Refunding Bonds.

Capital Projects Fund – The Capital Projects Fund accounts for the acquisition and construction of infrastructure improvements located within the boundaries of the District.

b. Enterprise Major Fund

Enterprise Fund – The Enterprise Fund accounts for the operations of the restaurant, which is funded by proceeds from operations of the restaurant.

c. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as construction in progress, and non-current governmental liabilities, such as general obligation bonds be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;

a. Cash and Investments (Continued)

4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

Cash and investments include time deposits, certificates of deposit, money market funds, and all highly liquid debt instruments with original maturities of three months or less.

b. Restricted Assets

Certain net position of the District are classified as restricted assets on the Statement of Net Position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted net position, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

c. Capital Assets

Capital assets, which include land, infrastructure and equipment, are reported in the governmental activities and business-type activities columns.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Equipment	10 years
Infrastructure	20-30 years

d. Bond Premiums

Bond premiums associated with the issuance of bonds are amortized over the life of the bonds using the straight-line method of accounting.

4. Assets, Liabilities, and Net Position or Equity (Continued)

e. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Position

“Total fund balances” of the District’s governmental funds, \$754,493, differs from “net position” of governmental activities, \$8,767,811, reported in the Statement of Net Position. This difference primarily results from the long-term economic focus of the Statement of Net Position versus the current financial resources focus of the governmental fund balance sheet. The effect of the differences is illustrated below:

Capital related items

When capital assets (land, infrastructure and equipment that are to be used in governmental activities) are purchased or constructed, the cost of those assets is reported as expenditures in governmental funds. However, the Statement of Net Position included those capital assets among the assets of the District as a whole.

Infrastructure	22,045,230
Equipment	773,558
Accumulated depreciation	<u>(13,937,429)</u>

Long-term debt transactions

Long-term liabilities applicable to the District’s governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. All liabilities (both current and long-term) are reported in the Statement of Net Position. Balances at September 30, 2022 were:

Accrued liabilities in the Statement of Net Position differ from the amount reported in governmental funds due to the accrued interest on bonds.

Accrued interest	\$ <u>(69,896)</u>

2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities

The “net change in fund balances” for government funds, \$(67,746), differs from the “change in net position” for governmental activities, \$(500,429), reported in the Statement of Activities. The differences arise primarily from the long-term economic focus of the Statement of Activities versus the current financial resources focus of the governmental funds. The effect of the differences is illustrated below:

Capital related items

When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the Statement of Activities, the costs of those assets is allocated over their estimated useful lives and reported as depreciation. As a result, fund balances decrease by the amount of financial resources expended, whereas net position decrease by the amount of depreciation charged for the year.

NOTE B – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (CONTINUED)

2. Explanation of Differences Between the Governmental Fund Operating Statements and the Statement of Activities (Continued)

Long-term debt transactions

When long-term debt is issued for governmental activities, the resources obtained are recognized as an other financing source at the fund level. At the government-wide level, however, the new debt increases non-current liabilities. Also, interest is recognized when due at the fund level, but is accrued at the government-wide level.

Principal payments	\$ <u>345,000</u>
Amortization of bond premium	\$ <u>9,385</u>
Accrued interest	\$ <u>7,187</u>

NOTE C – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk, however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2022, the District's bank balance was \$146,481 and the carrying value was \$138,394. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

Investments

As of September 30, 2022, the District had the following investments and maturities:

Investment	Maturity Date	Fair Value
Florida PRIME	21 Days*	\$ 341,602
U S Bank Money Market	N/A	397,876
Total		\$ 739,478

*Weighted average maturity

Lake Ashton Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2022

NOTE C – CASH AND INVESTMENTS (CONTINUED)

Investments (Continued)

The District categorizes its fair value measurements within the fair value hierarchy recently established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that use the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investments in U S Bank Money Market are Level 1 assets.

The District's investment policy allows management to invest funds in investments permitted under Section 218.415, Florida Statutes. The investment in Florida PRIME is measured at amortized cost. Florida PRIME has established policies and guidelines regarding participant transactions and the authority to limit or restrict withdrawals or impose a penalty for an early withdrawal. As of September 30, 2022, there were no redemption fees, maximum transaction amounts, or any other requirement that would limit daily access to 100 percent of the account value.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. As of September 30, 2022, the District's investment in Florida PRIME was rated AAAM by Standard & Poor's. The District's investment in U S Bank Money Market was not rated.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The investments in Florida PRIME represent 46% of the District's total investments and U S Bank Money Market represent 54% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2022 were typical of these items during the fiscal year then ended.

Summary of Significant Bonds Resolution Terms and Covenants

The Series 2015A Bonds are subject to redemption at the option of the District prior to their maturity, in whole or in part, at any time on or after May 1, 2025 at the redemption price of the principal amount being redeemed, together with accrued interest to the date of redemption. The Series 2015A Bonds are subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Trust Indenture.

**Lake Ashton Community Development District
 NOTES TO FINANCIAL STATEMENTS
 September 30, 2022**

NOTE F – LONG-TERM DEBT (CONTINUED)

The Trust Indenture established certain amounts be maintained in a reserve account. In addition, the Trust Indenture has certain restrictions and requirements relating to the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements.

The bond resolution establishes certain funds and determines the order in which revenues are to be deposited into these funds. A description of the significant funds, including their purposes, is as follows:

Reserve Fund – The Series 2015A Reserve Account was funded from the proceeds of the Series 2015A Bonds in an amount equal to 50% of the maximum annual debt service outstanding on the Series 2015A Bonds. Monies held in the reserve account will be used only for the purposes established in the Trust Indenture.

The following is a schedule of required reserve deposits as of September 30, 2022:

	Reserve Balance	Reserve Requirement
Series 2015A Capital Improvement Revenue Refunding Bonds	\$ 210,125	\$ 207,750

NOTE G – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

NOTE H – SUBSEQUENT EVENT

In May 2023, the District made prepayments on the Series 2015 A-1 and 2015 A-2 Bonds in the amounts of \$130,000 and \$10,000, respectively.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
Lake Ashton Community Development District
Polk County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements, as listed in the table of contents, of Lake Ashton Community Development District, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated September 12, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered Lake Ashton Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lake Ashton Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Lake Ashton Community Development District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

To the Board of Supervisors
Lake Ashton Community Development District

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lake Ashton Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Supervisors
Lake Ashton Community Development District
Polk County, Florida

Report on the Financial Statements

We have audited the financial statements of the Lake Ashton Community Development District as of and for the year ended September 30, 2022, and have issued our report thereon dated September 12, 2023.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with *AICPA Professionals Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated September 12, 2023, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. The following findings or recommendations were included in the preceding financial audit report.

Finding 21 – 01

Finding: The District inappropriately utilized budgeted capital reserve funds to mostly fund the deficit in operations of the Enterprise Fund during the current year.

Recommendation: The capital reserve funds should only expend monies in accordance with the purposes for which the funding was established.

Management Response: Expenditures will be monitored in future years to ensure that capital reserve funds are expended appropriately.

To the Board of Supervisors
Lake Ashton Community Development District

Current Status: The finding has not been corrected.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not Lake Ashton Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that Lake Ashton Community Development District did not meet any of the conditions described in Section 218.503(1) Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for Lake Ashton Community Development District. It is management's responsibility to monitor the Lake Ashton Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same as of September 30, 2022.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

To the Board of Supervisors
Lake Ashton Community Development District

**INDEPENDENT ACCOUNTANTS' REPORT/COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES**

To the Board of Supervisors
Lake Ashton Community Development District
Polk County, Florida

We have examined Lake Ashton Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2022. Management is responsible for Lake Ashton Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Lake Ashton Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Lake Ashton Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Lake Ashton Community Development District's compliance with the specified requirements.

In our opinion, Lake Ashton Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2022.
