MINUTES

**MINUTES OF MEETING
LAKE ASHTON
COMMUNITY DEVELOPMENT DISTRICT**

The regular meeting of the Board of Supervisors of the Lake Ashton Community Development District was held on **Monday, April 20, 2026** at 9:00 a.m. at the Lake Ashton Clubhouse Ballroom, 4141 Ashton Club Drive, Lake Wales, FL.

Present and constituting a quorum were:

Brenda VanSickle	Chairperson
Mike Costello	Vice Chairman
Steve Realmuto	Assistant Secretary
Debby Landgrebe	Assistant Secretary
Greg Ulrich	Assistant Secretary

Also present were:

Jill Burns	District Manager, GMS
Jay Lazarovich	District Counsel, Latham Luna
Garrett Posten	District Engineer, Rayl Engineering
Matt Fisher	Field Manager
Christine Wells	Community Director

The following is a summary of the discussions and actions taken at the April 20, 2026 Lake Ashton Community Development District Board of Supervisors meeting.

FIRST ORDER OF BUSINESS

Roll Call and Pledge of Allegiance

Ms. Burns called the meeting to order at 9:01 a.m., called roll, and recited the pledge of allegiance. All five Supervisors were in attendance constituting a quorum.

SECOND ORDER OF BUSINESS

Approval of Meeting Agenda

Ms. VanSickle requested approval of the meeting agenda. She suggested moving 10A up to the beginning of staff reports.

On MOTION by Mr. Realmuto, seconded by Mr. Costello, with all in favor, Approving the Meeting Agenda Moving item 10a up to the beginning of staff reports, was approved 5-0.
--

THIRD ORDER OF BUSINESS

Public Comments on Specific Items on the Agenda *(the District Manager will read any questions or comments received from members of the public in advance of the meeting)*

Ms. VanSickle opened the public comment period.

Michael Hays (4160 Limerick Dr) stated there was no intent to encroach on CDD property without knowledge or permission. The previous owner took a lot of pride in her yard. The Board has directed him to cover the said areas that are infringing on CDD property with grass. No consideration from past approvals from a previous Board. He requested a clear marked direction be made to ensure in the future a 6 in. or 12 in. encroachment is being served to him.

Mark Reed (4293 Berwick) received a letter about the wetland behind his home stating to promptly remove all encroachments. He didn't purchase that property. He noted it isn't his responsibility to remove any of it as he didn't plant it. The previous owner did the planting. Asked if he has to remove the plants.

Sue Marino (4269 Berwick) voiced her concerns regarding the restaurant. Would like the restaurant to be a part of their amenities. Suggested an assessment used like a gift card.

Jim Helmer (6140 Pebble Beach Blvd) spoke about the proposals for the restaurant. Requested individual Board members or the Board as a whole don't do a survey or anything that could appear like a vote of the community on a preferred option.

FOURTH ORDER OF BUSINESS

Consideration of Minutes from the February 23, 2026 Board of Supervisors Meeting, March 16, 2026 Board of Supervisors Meeting & March 16, 2026 Budget Workshop Summary

Ms. VanSickle presented the minutes from the February 23, 2026 Board of Supervisors meeting, the March 16, 2026 Board of Supervisors meeting and the March 16, 2026 budget workshop. Mr. Realmuto requested an addition to the February 23, 2026 minutes – Page 5 under 6A the discussion by the attorney of Lake Ashton Living – Supervisor Realmuto noted that up to \$16K in legal expenses related to Lake Ashton

Living have already been incurred and these expenses began in early November well over a month before being raised at the December meeting and no mention at the intervening November meeting. Ms. VanSickle noted an issue with that and doesn't feel that figure is accurate and has a problem with throwing it out there without substantial proof. She requested leaving the minutes as they stand.

On MOTION by Ms. VanSickle, seconded by Ms. Landgrebe, with Mr. Ulrich and Mr. Costello in favor and Mr. Realmuto opposed, the Minutes from the February 23, 2026 Board of Supervisors Meeting and the March 16, 2026 Budget Workshop Summary, were approved 4-1.

FIFTH ORDER OF BUSINESS

Staff Reports

A. Engineer

Mr. Posten provided an update on pond 20 bank erosion. He received quotes on the pavement void on Berwick to inspect the sanitary sewer line. The city did their own inspection however he doesn't feel what they provided him is conclusive to rule out that it is their system. He recommended before doing any work to restore that area, do their own investigation and if it is still related to their sanitary sewer lines.

He presented quotes for the investigation of the storm sewer on Waterford. The low proposal was from Insight Underground Solutions which would reduce the cost of the Berwick pavement void investigation by taking the mobilization away. He asked for approval on the Berwick pavement void with the understanding if they also do the storm sewer, they won't pay mobilization on it, the Underground Solutions quote for the storm sewer and the quote from Nissi Geotechnical. Mr. Realmuto asked Garrett if he observed any evidence in the road that there were failures to motivate this expense. Garrett stated the asphalt is definitely at a failed state. Supports the geotechnical testing.

On MOTION by Mr. Realmuto, seconded by Ms. Landgrebe, with all in favor, the Insight Underground Solutions Proposals & the Geotechnical Proposal, was approved 5-0.

Mr. Posten reviewed the properties with encroachments, took some measurements and provided photos for Board review. The encroachments for Board

action are on page 27 of the agenda package. He noted as far as when the residents did not do the plantings or installations themselves will be deferred to Mr. Lazarovich.

Mr. Lazarovich noted that doesn't take away the CDDs rank to say there is an encroachment. The homeowner that is encroaching would have to go to whoever told them there was no encroachment on CDD property.

Mr. Posten recommended the hard material improvements be removed on Aberdeen but not the two dead trees that will fade away anyway.

On MOTION by Ms. Van Sickle, seconded by Ms. Landgrebe, with Mr. Costello in favor and Mr. Realmuto & Mr. Ulrich opposed, to Follow the Engineers Recommendations, was approved 3-2.

Mr. Posten asked as far as the direction to homeowners, will that still come through Jay. Ms. VanSickle noted the CDD has not approved any of these. If there is an issue with the HOA, you need to talk to the HOA. You need to only maintain to your property line. Mr. Realmuto noted engineering expenses were over \$9K and asked how much of that was attributable to the encroachments this year. Garrett noted there is a separate section on the invoices so the Board can track what is going into encroachments.

B. Landscape Maintenance

I. Presentation of Monthly Landscaping Checklist and Report

Mr. Fisher reviewed the landscaping report.

C. Aquatics Maintenance

a) Presentation of Monthly Aquatics Report

Mr. Fisher reviewed the monthly aquatics report on pages 61-64 of the agenda package. Ms. VanSickle noted a complaint about the pond behind Aberdeen and asked Matt to check on it.

SIXTH ORDER OF BUSINESS

Discussion Regarding Proposals Received for Restaurant and Catering Services

A. Presentation of Proposals Received (5 Minutes Each)

I. Dundee Downtown Pizza

Kevin Rodriguez owner of Dundee Downton Pizza provided an overview of his business experience and a proposal on page 68 of the agenda package. He answered Board questions.

II. Plates on Deck

Ken James C-Founder & CEO of Plates on Deck provided an overview of his business and a proposal on page 73 of the agenda package. He answered Board questions.

III. Three Roots

Salvatore Cogliano owner of Three Roots provided an overview of his business experience and a proposal on page 85 of the agenda package. He answered Board questions.

IV. Tropical Fusion Grill

A representative from Tropical Fusion Grill provided an overview of their restaurant concept and provided a proposal on page 105 of the agenda package. He answered Board questions. Resume needed.

The Board discussed narrowing it down to two or three today and doing background checks, reference checks, financials, resumes, rent, electricity, internet and cable tv costs, and taxes. The Board decided on \$1,250 per month and will send to Christine.

On MOTION by Mr. Costello, seconded by Ms. Landgrebe, with all in favor, Rent \$1,250 per month, was approved 5-0.

Mr. Costello noted for the first three months it will be \$100 rent.

On MOTION by Mr. Costello, seconded by Ms. Landgrebe, with all in favor, Rent \$100 per month for the first three months, was approved 5-0.

SEVENTH ORDER OF BUSINESS

Staff Reports (Continued)

There being no comments, the next item followed.

TENTH ORDER OF BUSINESS

New Business

A. Discussion Regarding Securitas Contract & Ongoing Issues with Service

Ms. Wells noted her concerns with Securitas and the service the District is getting in the safety and security portion of her report. She mentioned the amenity access card readers and the length of time it took to get that repair done.

Mr. Lazarovich noted the CDD had three existing contracts with Securitas but terminated one based on review of email communications happening on their end, either incompetence or not performing. There was a disagreement on the existing contracts. They were saying they were all combined into one. There was specific language in each of the CDDs agreements that they were separate agreements. When they terminated the one that is terminated, they specifically stated they looked forward to continuing on with the other two existing agreements. Securitas has been performing in some sense however with the actual request of changes, they are not performing. Email communications are all over the place. He recommended from those communications and their nonperformance to terminate that existing agreement. The CDD has been paying monthly. Mr. Ulrich stated it seems like Securitas is not holding up their end of the bargain. Ms. Wells noted the same issues that she brought to the Board before like lack of communication. Mr. Ulrich stated he wanted to make sure there was enough of a paper trail where if they say they are done, they don't have to spend an excessive amount of money defending their position. Mr. Lazarovich noted in all their contracts with Securitas, there is language that specifically gives the District the sole discretion without cause to terminate or suspend an agreement with 30-day notice. Mr. Realmuto noted the real issue was that they learned Securitas hadn't ordered the part for three weeks so essentially ignoring the Board which was the reason for most of the delay.

On MOTION by Mr. Ulrich, seconded by Ms. Landgrebe, with all in favor, to terminate the other two Securitas contracts, was approved 5-0. (MOTIONS WITHDRAWN)
--

Mr. Realmuto questioned if this affects the gate and the operation of the system that opens the gate and if so, he is not okay with that. Ms. Wells stated Tech Wave can take over as long as there is no longer a contract with Securitas.

Mr. Ulrich asked if they terminate with Securitas, will Tech Wave take over right away or check with Securitas. What if Securitas says we are going to fight it then maybe Tech Wave says sorry we can't do it until this is resolved. Ms. Burns suggested authorizing the Vice Chair to enter into an agreement with Tech Wave. Tech Wave would have to provide a proposal assuring they are able. Mr. Ulrich noted if the gate doesn't work, they will have someone manning it.

Mr. Ulrich withdrew his motion for now until they communicate with Tech Wave and see what they are willing to do if they terminate. Ms. Burns stated staff will get proposals and bring them to the next meeting as it is better to deal with them for 30 days than dealing with the gate potentially being open for 30 days. Mr. Lazarovich will send a nonperformance letter to Securitas. Ms. Wells will contact Tech Wave. Ms. Costello and Ms. Landgrebe suggested talking with Nations also.

A. Attorney

Mr. Lazarovich provided an update on the encroachment letters going out and will continue to monitor. He updated the Board on the developer property. He is looking into a separate agreement other than a lease agreement.

B. Field Manager

Mr. Fisher reviewed the Field Management report on page 116 of the agenda package.

I. Consideration of Proposal for Pool Maintenance Services from Heartland Pools

Mr. Fisher stated after reviewing with site staff and talking to Christine, it's in the best interest of the District to keep services in house. Jacob is willing to become CPO certified onsite.

II. Consideration of Proposal for Planting in the Littoral Area of Pond 5 from Solitude Lake Management

Mr. Fisher reviewed the Solitude Lake Management proposal for \$2,700 for the plantings in the littoral area of pond 5. The plants are native and help with filtration of nutrients and helps with oxygen production in the pond.

On MOTION by Mr. Ulrich, seconded by Ms. Landgrebe, with all in favor, the Proposal for Planting in the Littoral Area of Pond 5 from Solitude Lake Management, was approved 5-0.

III. Consideration of Landscape and Irrigation Maintenance Proposals

a) Proposals to Replace Foliage Affected by Recent Freeze

i. Yellowstone Proposals

ii. Nursery Proposal

Mr. Fisher presented proposals from Yellowstone. He recommended using Yellowstone’s labor price and Heritage Nurseries price for plants. He suggested taking out the dead plants and not replacing them. Ms. VanSickle went through the numbers for the plants. Matt recommended planting later in July.

On MOTION by Mr. Realmuto, seconded by Mr. Costello, with all in favor, to remove freeze damaged shrubs throughout the property, was approved 5-0.

b) Proposals to Install a Drip Line System Along Lake Ashton Boulevard Median

Mr. Fisher noted a bid from Yellowstone for a drip line system for \$19,000 just for the Boulevard. He noted they already have established plantings that are cold hardy and drought resistant so a drip line isn’t needed.

C. Lake Ashton Community Director

Ms. Wells reviewed the community director report on page 150 of the agenda. She asked for direction on the automatic door opener to the West entrance. A revised quote was received from Securitas to remove their installation at the concrete pad. It got the quote down to \$2,799.99. With the least expensive door opener of \$3,958.60 it came to an amount of \$6,788.59 not including the cost of materials for the concrete pad. The NTE

amount previously given was \$6,500. Mr. Ulrich spoke about someone other than Securitas doing that work. The question was the warranty, a definitive which warranty just for that set up or the warranty for the whole building. Christine hasn't received a response from Securitas. She will check with Tech Wave to see if it's something they can do. Mr. Ulrich stated he doesn't want Securitas doing any work if it can be avoided. He noted for the record he would like to make a decision on this next month. Table to next month.

D. District Manager

Ms. Burns asked for clarification on staff reports, if they only wanted the staff members who were going to charge by the hour to leave or not be present or if the Board wanted everybody present. She noted moving all staff reports to the front and landscape maintenance and aquatic maintenance to be moved under Matt's report. Leave public comments at the end, time permitting.

I. Announcing General Election Qualifying Period (Starting 12:00 PM Monday, June 8, 2026 and Ending 12:00 PM Friday, June 12, 2026)

Ms. Burns stated for anyone interested in running for a Board seat the qualifying period is Monday June 8th and ends at noon on Friday June 12th. Contact the Supervisor of Elections with any questions.

II. Direction Regarding Proposed Budget for May 18, 2026 Board Meeting

Ms. Burns stated all of the updates that were discussed at the budget workshop have been made as well as additional tweaks based on the updates to the reserve study. She asked for direction on what the Board would like to see included in the resolution to approve that proposed budget. Mr. Ulrich proposed \$100 increase. Mr. Costello and Ms. VanSickle don't want to shortcut the reserve. Ms. Burns noted the decision doesn't have to be made today and the Board may want to have this discussion when it is an actual agenda item. Mr. Realmuto suggested if there is going to be two options, one should be \$100 and the other \$166.81. Mr. Costello suggested presenting a \$100 and \$200 increase for the next meeting.

III. Presentation of Number of Registered Voters – 1,335 – ADDED

Ms. Burns stated for the record there is currently 1,335 registered voters within the boundary of Lake Ashton.

Ms. Burns stated Christine has decided to take a promotion within GMS to become a District Manager. They have found a great candidate who the position has been offered to. She lives in Lake Wales and has a lot of relative experience. She will start at Lake Ashton on May 7th.

EIGHTH ORDER OF BUSINESS

Financial Reports

- A. Combined Balance Sheets**
- B. Capital Projects Reserve Fund**
- C. Statement of Revenues, Expenditures, and Changes in Fund Balance**
- D. Approval of Check Run Summary**

Ms. Van Sickle asked for any questions on any of the financial reports.

On MOTION by Mr. Realmuto, seconded by Ms. Landgrebe, with all in favor, the Check Run Summary, was approved 5-0.

NINTH ORDER OF BUSINESS

Old Business

ELEVENTH ORDER OF BUSINESS

Public Comments

Iris Realmuto spoke about the conversation earlier about usage of the restaurant. Mike mentioned why do they need to use the restaurant in the morning for the dancercise classes. The number of classes now thanks to the Simply Healthy program has greatly increased. Focus 2030 pointed out people would like to see more usage of the restaurant, maybe divide the restaurant. Put locks on the liquor cabinets.

Mark Reed asked for clarification on the plantings behind his house that were planted by someone else in the wetland area, is he responsible for removing those? Mr. Lazarovich stated if the engineer put that in his report that it needs to be removed. Was it noted in the encroachment letter to you? Ms. Burns noted if it is one of the wetland encroachments, they don't want anybody removing stuff from the wetland besides the District. Mr. Reed will talk with Jay after the meeting.

TWELFTH ORDER OF BUSINESS

SECTION (c)

Landscape Enhancement Cost Comparison

Purpose: This comparison was prepared for Lake Ashton CDD Board review to clearly illustrate the cost savings achieved by using American Heritage Nursery plant pricing combined with Yellowstone Landscape labor pricing.

Summary Recommendation

Recommendation is to purchase all plant material directly from American Heritage Nursery while utilizing Yellowstone Landscape for installation labor only. Staff recommends not replacing the Red Ixora on the edges of the Blvd median and allowing the Japanese Blueberry Trees and Plumbago shrubs grow out. This approach significantly reduces total project costs.

Community Director Report

Meeting Date: May 18 2026

Submitted by: Christine Wells, Community Director

Events and Activities

April was Volunteer Appreciation Month. Clubhouse and HFC staff hosted the Volunteer Appreciation Block Party event at the Clubhouse. Staff received a lot of positive feedback regarding the event. All feedback will be shared at the next Lake Ashton Activities Advisor Group meeting. The event was free to all volunteers that signed up, thanks to our sponsors,

In May, Clubhouse staff hosted a Ladies Luncheon and Fashion Show with Dillard's, a Pizza Party with Tony Knight, and the start of our 2026 Summer Music Series. The first show at the Clubhouse was canceled due to lack of ticket sales. Residents can purchase tickets to the Clubhouse events, online or by visiting the Clubhouse Activities Office. Residents can purchase tickets to the HFC

DANCE THE NIGHT AWAY WITH YOUR FRIENDS AND NEIGHBORS!

Tickets for the Clubhouse show can be purchased online or at the Clubhouse Activities Office. Tickets for the HFC shows can be purchased at the Clubhouse Activities Office, at the door on show nights, or table reservations can be made at the HFC in advance.

JUNE 19 - RED HOT ROOSTER
6 PM AT THE HFC

Country and Americana band known for its high-energy live performances and roots-driven sound. Blending classic country, Southern rock, and crowd favorites, the band keeps audiences dancing at venues and events across the region.

Lake Ashton's 2026 **SUMMER MUSIC SERIES** *Tickets: \$10*

JULY 21 - THE DUKES
7 PM AT THE CLUBHOUSE

The Dukes keep the music of the 50's & 60's alive by singing their unique blend of Doo Wop and Rock & Roll. Enjoy dancing and singing along to songs by Elvis, Ricky Nelson, Buddy Holly, and many more.

AUGUST 14 - BIGTIME JUKEBOX
6 PM AT THE HFC

A 5-piece group performing the best country music across generations, from the 1950s to today. Strong vocals paired with guitar, Hammond B3, synths, horns, fiddle, pedal steel, bass, and drums deliver a high-energy sound.

events by visiting the HFC Activities Office. Staff at the Clubhouse and HFC are working together on a program of events to celebrate 250 years of the United States of America, throughout the community. Event details were outlined in the May edition of the LA Times. There will be an All American Pool Party at the Clubhouse on July 3, that will be free for all residents, in addition to an array of other fun activities leading up to the 4th of July events.

The LAAAG group is working on 2027 events and activities. The group is looking to add a few members and staff has advertised this in the LA Times. Anyone that is interested should contact Caroline at clane@lakeashtoncdd.com.

Other Activities and Events booked through July, at the Clubhouse:

★ HONORING OUR VETERANS & FIRST RESPONDERS ★

ALL MONTH LONG IN JULY

We are inviting Lake Ashton veterans and retired first responders to participate in a special program as part of Lake Ashton's 250th USA Anniversary Celebration.

A display board recognizing and honoring these heroes is in the making and will be on display at the Clubhouse and HFC during the month of July as part of our community's overall celebration.

We hope to have a "then" and "now" photo, dated of service and reference to their military branch of service and/or their affiliation as a first responder.

Staff is continuing to book food trucks through the end of August. Recently some food trucks have canceled so staff has scaled back scheduling trucks. Caroline is focusing on booking trucks on Tuesdays and Thursdays, while Trivia and Karaoke are being hosted in the Clubhouse. Karaoke is being held in the Restaurant every Thursday, through the end of June. Trivia is being held in the Restaurant on the 2nd and 4th Tuesday, through the end of June.

There is a group of residents that is interested in reviving Community Potlucks and we need your help! Residents are encouraged to reach out to Caroline with ideas on what you would like to see and your opinion on bringing together the Community with a Potluck.

A Hurricane Prep talk is scheduled for June 1 at Monday Coffee, with Polk County Fire Rescue.

Newsletter:

The May LA Times Community Magazine was sent out via email blast along with the monthly calendar on May 1.

The front cover promoted The Military Appreciation Month and Memorial Day remembrance. The back cover promoted the 2026 Summer Music Series.

The June LA Times magazine will be distributed on Monday, June 1, after Monday Coffee. Thank you to all our amazing volunteers that put the newsletter together, for the community, each month. If you would like to volunteer, please be on the lookout for emails advertising the distribution details.

Staff has implemented a new way for residents to submit LA Times articles. They will now be submitted via a form on Lakeashtoncdd.com. Media, advertising this change, has been sent out to residents.

Safety and Security:

- Staff is continuing to work with Securitas to correct a few billing invoices and finalize payment to them for guarding services.
- Nation provided post orders for review. These were shared with Supervisors and will be discussed during a closed security session at the May meeting. Staff has provided Supervisors with some common complaints from residents regarding security services.

Follow-Up from Previous Board Meeting:

- Staff submitted 5 appeal letters with backup to FEMA. All appeals were denied. This is the reason given by FEMA.

“The Applicant has not demonstrated that it owns and operates a facility that is both open to and provides an eligible service to the general public. This letter constitutes the official notification of this determination to the Applicant.

Under Section 423(a) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act) and applicable regulations, the Applicant may elect to appeal this decision.¹ If the Applicant submits a second appeal, it must: 1) contain documented justification supporting the Applicant’s position, 2) specify the amount in dispute, and 3) specify the provisions in federal law, regulation, or policy with which the Applicant believes the initial action was inconsistent.”

- Staff would like direction on moving forward with a second appeal and expending attorney funds to do so.
- Staff is working on designing the Bowling Lanes rules sign that was recommended to be installed, by insurance.
- The two Community Directors are working on scheduling a meeting to start working on combining the Joint Strategic Plans and advertising the fireside chats, as mentioned at the Joint BOS Meeting.

Restaurant Update:

- Inventory was completed and all items are accounted for.
- Staff has put together a list of recommended deductions from the Restaurant damage deposit (Charm City). Please see below:

Security Deposit Received: \$5,000.00

Cleaning Expense: \$2,900.00

Includes carpet cleaning, tile cleaning in the bar and kitchen, cleaning all surfaces in the kitchen, and cleaning all cooking and refrigeration equipment in the bar and kitchen.

Overdue Rent - January: \$1,221.39

Pumping Grease Traps (Was completely full at time of departure): \$950.00

Total Amount Deducted from Security Deposit: \$5,071.39

Amount Owed to Landlord (Lake Ashton CDD) \$71.39

- There are some minor wall and baseboard repairs/painting that need to be completed. Facility staff will facilitate these minor repairs.
- Staff is reaching out to vendors to quote a small tile repair project in the bar area.
- Staff reached out to Plates on Deck to advise them of the Board's decision not to move forward with their proposal.
- Staff reached out to Dundee Downtown Pizza, Three Roots, and Tropical Fusion Grill to advise of the Board's decision regarding the rent to be charged. All proposers thanked the Board and provided the references needed for the next step in the process.
- Staff sent reference requests to all contacts that were provided by the proposers. To date, staff received a complete reference check for some, but not all references. What has been received has been sent to Supervisors. Staff will follow up on those that are outstanding and will send them to Supervisors, when received.

New Items:

- Lake Ashton's new Community Director, Denise Plavetzky, started on May 7. I will be training with her for the next 60 days. She has met all Supervisors and quite a few residents. She is excited to meet more residents and to bring her many years of experience to Lake Ashton. We are excited and fortunate to have Denise here. Please be sure to give her the Lake Ashton welcome when you see her around the community.
- This will be my last Community Director report. Denise will do her first Community Director report for the month of June.

- LAVA orchestrated the installation of the glass display cabinets that were approved, by the Community Director, to be installed in the Clubhouse Foyer.
- Staff is working on installing gallery lights in the Clubhouse main hallway, near the Card Room, to better display Resident's artwork in this area. Thank you to the Resident volunteers, Larry and Shelley Brodka that are working on this important community project.
- Staff is looking to spread kindness in the community. Resident groups and individuals are encouraged to look in the June LA Times for ways to help!

RESOLUTION 2026-03

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE LAKE ASHTON COMMUNITY DEVELOPMENT DISTRICT APPROVING PROPOSED BUDGET FOR FISCAL YEAR 2026/2027; DECLARING SPECIAL ASSESSMENTS TO FUND THE PROPOSED BUDGETS PURSUANT TO CHAPTERS 170, 190 AND 197, FLORIDA STATUTES; SETTING PUBLIC HEARINGS; ADDRESSING PUBLICATION; ADDRESSING SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the District Manager has heretofore prepared and submitted to the Board of Supervisors (“**Board**”) of the Lake Ashton Community Development District (“**District**”) prior to June 15, 2026, proposed budget (“**Proposed Budget**”) for the fiscal year beginning October 1, 2026 and ending September 30, 2027 (“**Fiscal Year 2026/2027**”); and

WHEREAS, it is in the best interest of the District to fund the administrative and operations services (together, “**Services**”) set forth in the Proposed Budget by levy of special assessments pursuant to Chapters 170, 190 and 197, Florida Statutes (“**Assessments**”), as set forth in the preliminary assessment roll included within the Proposed Budget; and

WHEREAS, the District hereby determines that benefits would accrue to the properties within the District, as outlined within the Proposed Budget, in an amount equal to or in excess of the Assessments, and that such Assessments would be fairly and reasonably allocated as set forth in the Proposed Budget; and

WHEREAS, the Board has considered the Proposed Budget, including the Assessments, and desires to set the required public hearings thereon;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE LAKE ASHTON COMMUNITY DEVELOPMENT DISTRICT:

1. PROPOSED BUDGET APPROVED. The Proposed Budget prepared by the District Manager for Fiscal Year 2026/2027 attached hereto as **Exhibit A** is hereby approved as the basis for conducting a public hearing to adopt said Proposed Budget.

2. DECLARING ASSESSMENTS. Pursuant to Chapters 170, 190 and 197, Florida Statutes, the Assessments shall defray the cost of the Services in the total estimated amounts set forth in the Proposed Budget. The nature of, and plans and specifications for, the Services to be funded by the Assessments are described in the Proposed Budget and in the reports (if any) of the District Engineer, all of which are on file and available for public inspection at the “**District’s Office**,” located at Governmental Management Services-CF, LLC – 219 East Livingston Street, Orlando, Florida 32801. The Assessments shall be levied within the District on all benefitted lots and lands, and shall be apportioned, all as described in the Proposed Budget and the preliminary assessment roll included therein. The preliminary assessment roll is also on file and available for public inspection at the District’s Office. The Assessments shall be paid in one more installments pursuant to a bill issued by the District in November of 2026, and pursuant to Chapter 170, Florida Statutes, or, alternatively, pursuant to the *Uniform Method* as set forth in Chapter 197, Florida Statutes.

3. SETTING PUBLIC HEARINGS. Pursuant to Chapters 170, 190, and 197, Florida Statutes, public hearings on the approved Proposed Budget and the Assessments are hereby declared and set for the following date, hour and location:

DATE: Monday, July 20, 2026
HOUR: 9:00 AM
LOCATION: Lake Ashton Clubhouse Ballroom
4141 Ashton Club Drive
Lake Wales, Florida 33859

4. TRANSMITTAL OF PROPOSED BUDGET TO LOCAL GENERAL-PURPOSE GOVERNMENTS. The District Manager is hereby directed to submit a copy of the Proposed Budget to the City of Lake Wales, Florida and Polk County at least 60 days prior to the hearing set above.

5. POSTING OF PROPOSED BUDGET. In accordance with Section 189.016, *Florida Statutes*, the District's Secretary is further directed to post the approved Proposed Budget on the District's website at least two days before the budget hearing date as set forth in Section 3, and shall remain on the website for at least 45 days.

6. PUBLICATION OF NOTICE. The District shall cause this Resolution to be published once a week for a period of two weeks in a newspaper of general circulation published in Polk County. Additionally, notice of the public hearings shall be published in the manner prescribed in Florida law.

7. SEVERABILITY. The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.

8. EFFECTIVE DATE. This Resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED THIS 18TH DAY OF MAY 2026.

SECTION C

Communication with Those Charged with Governance

Lake Ashton Community Development District

We have audited the financial statements of Lake Ashton Community Development District, for the year ended September 30, 2025, and have issued our report thereon dated May 4, 2026. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and, and *Government Auditing Standards* as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our meeting about planning matters. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Lake Ashton Community Development District are described in Note A to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Lake Ashton Community Development District's financial statements was (were):

Management's estimate of depreciation is based on accounting practices of the District.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of debt.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all material misstatements, if applicable. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated May 4, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

This information is intended solely for the use of those charged with financial oversight and management of Lake Ashton Community Development District and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

DiBartolomeo, McBee, Hartley and Barnes, P.A.

INDEPENDENT AUDITORS' REPORT

To the Board of Supervisors
Lake Ashton Community Development District
Polk County, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Lake Ashton Community Development District, Polk County, Florida ("District") as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated May 4, 2026, on our consideration of the Lake Ashton Community Development District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

We have also issued our report dated May 4, 2026 on our consideration of the District's compliance with requirements of Section 218.415, Florida Statutes, as required by Rule 10.556(10) of the Auditor General of the State of Florida. The purpose of that report is to provide an opinion based on our examination conducted in accordance with attestation Standards established by the American Institute of Certified Public Accountants.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2025

Our discussion and analysis of Lake Ashton Community Development District, Polk County, Florida (“District”) financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2025. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year resulting in a net position balance of \$8,161,653.
- The change in the District's total net position in comparison with the prior fiscal year was (\$133,161), a decrease. The key components of the District's net position and change in net position are reflected in the table in the government-wide financial analysis section.
- At September 30, 2025, the District’s governmental funds reported combined ending fund balances of \$1,274,369. A portion of fund balance is non-spendable leases, restricted for debt service and capital projects and the remainder is unassigned fund balance which is available for spending at the District’s discretion.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the District's financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

LAKE ASHTON COMMUNITY DEVELOPMENT DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2025

The government-wide financial statements include all governmental activities that are principally supported by developer contributions. The District does not have any business-type activities. The governmental activities of the District include the general government (management) and maintenance and operations.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains three individual governmental funds for external reporting. Information is presented in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund and capital projects fund. All funds are major funds. The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets exceeded liabilities at the close of the most recent fiscal year. A portion of the District's net position reflects its investment in capital assets (e.g. land, land improvements and infrastructure). These assets are used to provide services to residents; consequently, these assets are not available for future spending. The balance of unrestricted net position may be used to meet the District's obligations.

Key components of net position were as follows:

Statement of Net Position		
	2025	2024
Current assets	\$ 1,493,171	\$ 1,296,194
Non-current assets		21,713
Capital assets	9,235,833	9,923,669
Total assets	<u>10,729,004</u>	<u>11,241,576</u>
Current liabilities	498,938	428,470
Long-term liabilities	2,052,919	2,487,304
Total liabilities	<u>2,551,857</u>	<u>2,915,774</u>
Deferred inflows of resources	<u>15,494</u>	<u>30,988</u>
Net position		
Net invested in capital assets	6,902,746	7,377,740
Restricted for debt service	320,766	171,261

Unrestricted	86,058	745,813
Total net position	<u>\$ 8,161,653</u>	<u>\$ 8,294,814</u>

The District's net position decreased during the most recent fiscal year. The majority of the change represents the degree to which ongoing cost of operations exceeded program revenues.

Key elements of the District's change in net position are reflected in the following table:

Change in Net Position		
	2025	2024
Program revenues	\$ 3,176,487	\$ 2,996,394
General revenues	80,168	126,831

LAKE ASHTON COMMUNITY DEVELOPMENT DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2025

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2025 was \$3,389,816, which consisted of interest on long-term debt and costs associated with constructed and maintaining certain capital improvements. The costs of the District's activities were funded by assessments.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2025.

The variance between budgeted and actual general fund revenues is not significant. The actual general fund expenditures for the current fiscal year were lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2025, the District had \$9,235,833 invested in capital assets. More detailed information about the District's capital assets is presented in the notes of the financial statements.

Capital Debt

At September 30, 2025, the District had \$2,302,919 in Bonds outstanding for its governmental activities. More detailed information about the District's capital debt is presented in the accompanying notes to the financial statements.

ECONOMIC FACTORS, NEXT YEAR'S BUDGET AND OTHER INFORMATION

For the fiscal year 2026, the District anticipates that the cost of general operations will remain fairly constant. In connection with the District's future infrastructure maintenance and replacement plan, the District Board has included in the budget, an estimate of those anticipated future costs and has assigned a portion of current available resources for that purpose.

LAKE ASHTON COMMUNITY DEVELOPMENT DISTRICT

NOTES TO FINANCIAL STATEMENTS

September 30, 2025

NOTE A- NATURE OF ORGANIZATION AND REPORTING ENTITY

Lake Ashton Community Development District ("District") was established on August 15, 2000 by the City Commissioners of Lake Wales, Florida Ordinance No. 2000-11 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The name was changed to Lake Ashton Community Development District on February 12, 2001. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. All of the Board members are residents of the District and have no affiliation with the developer. The Supervisors are elected by general election by the owners of the property within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the responsibility for:

1. Assessing and levying assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing Improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

LAKE ASHTON COMMUNITY DEVELOPMENT DISTRICT

NOTES TO FINANCIAL STATEMENTS

September 30, 2025

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment. Operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other Items not included among program revenues are reported instead as general revenues.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the economic financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments on benefited lands within the District. Assessments are levied to pay for the operations and maintenance of the District. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. The District's annual assessments for operations are billed and collected by the County Tax Collector. The amounts remitted to the District are net of applicable discounts or fees and include interest on monies held from the day of collection to the day of distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Assessments (continued)

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest of long-term debt.

Capital Projects Fund

The capital projects fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure with the District.

Assets, Liabilities and Net Position or Equity

Restricted Assets

These assets represent cash and investments set aside pursuant to contractual restrictions.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Deposits and Investments (continued)

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured.

The State Board of Administration's ("SBA") Local Government Surplus Funds Trust Fund ("Florida PRIME") is a "2a-7 like" pool. A "2a-7 like" pool is an external investment pool that is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a-7 of the Investment Company Act of 1940, which comprises the rules governing money market funds. Thus, the pool operates essentially as a money market fund. The District has reported its investment in Florida PRIME at amortized cost for financial reporting purposes.

The District records all interest revenue related to investment activities in the respective funds and reports investments at fair value.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

LAKE ASHTON COMMUNITY DEVELOPMENT DISTRICT

NOTES TO FINANCIAL STATEMENTS

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure	20-30
Equipment	10

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Unearned Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

Leases

The District determines if an arrangement is a lease at inception. Lessor arrangements are included as lease receivable and deferred inflows of resources. Payments collected for short-term leases with a lease term of 12 months or less are recognized as lease revenue as received. The District has a \$25,000 threshold, for total lease receipts, for leases subject to GASB 87. Short-term leases and leases under the threshold are not included on the statement of net position in the financial statements of the District. These District's leases are reflected in the statement of net position and fund financial statements.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

Committed fund balance - Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Fund Equity/Net Position (continued)

Assigned fund balance - Includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board can assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

Other Disclosures

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE C - BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.

NOTE C - BUDGETARY INFORMATION (CONTINUED)

- b) Public hearings are conducted to obtain public comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE D – DEPOSITS AND INVESTMENTS

Deposits

The District's cash balances, including certificates of deposit, were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The District's investments were held as follows at September 30, 2025:

<u>Investment</u>	<u>Fair Value</u>	<u>Credit Risk</u>	<u>Maturities</u>
US Bank Gcts 0490	\$ 372,974	N/A	N/A
Investment in Local Government Surplus Funds Trust Fund (Florida PRIME)	<u>1,011,430</u>	S&P AAAM	Weighted average maturity 47 days
Total Investments	<u>\$ 1,384,404</u>		

Custodial credit risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The District has no formal policy for custodial risk. The investments listed in the schedule above are not evidenced by securities that exist in physical or book entry form.

NOTE D – DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

Credit risk - For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk - The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk - The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

Fair Value Measurement - When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- Level 2: Investments whose inputs - other than quoted market prices - are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. For external investment pools that qualify to be measured at amortized cost, the pool's participants should also measure their investments in that external investment pool at amortized cost for financial reporting purposes. Accordingly, the District's investments have been reported at amortized cost above.

The District participated in the following external investment pools:

The State Board of Administration for participation in the Local Government Investment Pool (Florida Prime™) created by Section 218.415, Florida Statutes is an investment pool that operates under investment guidelines established by Section 215.47, Florida Statutes. The District’s investments in Florida Prime™, a qualified external investment pool, meet the requirements of GASB Statement No. 79 and are reported at amortized cost.

NOTE E – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

Interfund receivables and payables for the fiscal year ended September 30, 2025 were as follows:

Fund	Receivable	Payable
General	\$ 10,821	\$ -
Debt service	-	8,914
Capital projects	-	1,907
Total	\$ 10,821	\$ 10,821

The outstanding balances between the funds result primarily from the time lag between the dates that transactions are recorded in the accounting system and payments between funds are made. In the case of the District, the balances between the general fund, the debt service fund and the capital projects fund relate to invoices paid from the general fund that have not been reimbursed by the debt service fund and capital projects fund.

Interfund transfers for the fiscal year ended September 30, 2025 were as follows:

Fund	Transfer In	Transfer Out
General	\$ -	\$ 496,380
Capital projects	496,380	-
Total	\$ 496,380	\$ 496,380

Transfers from the General Fund to the Capital Projects Fund are related to budgeted capital reserve funding for the fiscal year.

NOTE G – LEASES

During fiscal year 2023, the District adopted GASB Statement No. 87, Leases. The primary objective of this statement is to enhance the relevance and consistency of information about governments' leasing activities. This statement establishes a single model for lease accounting based on the principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The District has contracted with a management company to perform services which include financial and accounting advisory services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs.

NOTE J - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and environmental remediation. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. The District's claims did not exceed the commercial insurance coverage in the last three years.

LAKE ASHTON COMMUNITY DEVELOPMENT DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors, Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2025.

The variance between budgeted and actual general fund revenues is not significant. The actual general fund expenditures for the current fiscal year were lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Lake Ashton Community Development District
Polk County, Florida

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Lake Ashton Community Development District, as of September 30, 2025 and for the year ended September 30, 2025, which collectively comprise the Lake Ashton Community Development District's basic financial statements and have issued our report thereon dated May 4, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF
SECTION 218.415, FLORIDA STATUTES, REQUIRED BY RULE 10.556(10) OF THE
AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Directors
Lake Ashton Community Development District
Polk County, Florida

We have examined Lake Ashton Community Development District, Polk County, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2025. Management is responsible for District's compliance with those requirements. Our responsibility is to express an opinion on District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2025.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Lake Ashton Community Development District, Polk County, Florida and is not intended to be and should not be used by anyone other than these specified parties.

Management Letter

To the Board of Supervisors
Lake Ashton Community Development District
Polk County, Florida

Report on the Financial Statements

We have audited the financial statements of the Lake Ashton Community Development District (“District”) as of and for the fiscal year ended September 30, 2025, and have issued our report thereon dated May 4, 2026.

Auditors’ Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountants' Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated May 4, 2026, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The information required is disclosed in the notes to the financial statements.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, the District did not authorize a PACE program pursuant to Section 163.081 or Section 163.082, Florida Statutes, did not operate within the District's geographical boundaries during the fiscal year under audit.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Lake Ashton Community Development District reported:

- a. The total number of district employees compensated in the last pay period of the District's fiscal year as 3.
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the District's fiscal year as 12.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$6,750.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter
